

Updated OTAVA's α -Helix Peptidomimetic Library

Synthetic compounds which mimic alpha-helices of proteins

It gives us a great pleasure to introduce α -Helix Peptidomimetic Library that has been extensively updated. The compounds were selected from our in-house stock library using Bayesian statistics and k-nearest neighbors algorithm. This modeling was based on the known α -helix peptidomimetics.

This library provides additional diversity for drug discovery projects focused on protein-protein interactions. All compounds are in stock and are for prompt delivery, cherry-picking is available.

Thank you for your consideration.

Feel free to contact me if you are interested to obtain this library or if you need more information.

I am looking forward to your reply.

Best regards,

Andriy Dmytrenko, MBA

Director of Business Development and Marketing
